

## What is LINKS?

- Louisiana's Immunization Network for Kids Statewide
- A statewide system designed to help you and your doctor keep track of your child's immunization records
- Completely confidential and secure, your information can only be accessed by enrolled healthcare providers
- You may prevent sharing of your child's information

## How will LINKS help me?

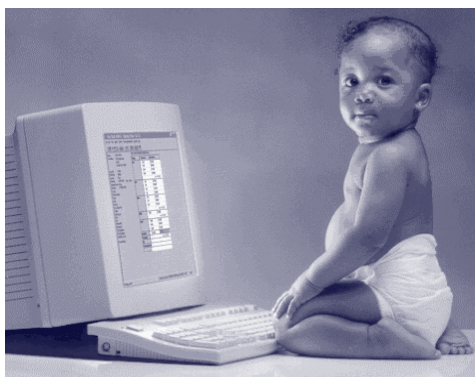

- If you move within Louisiana...any participating provider or parish health unit in the state can retrieve your child's records

- If you lose your child's record...your healthcare provider can print a copy of your child's immunization history for you to keep
- LINKS reduces the chance of having the wrong immunization given due to incomplete records
- LINKS helps your healthcare provider keep track of when your

## How do I get my child into LINKS?

- Your child will be enrolled by your child's provider if he or she participates in LINKS
- You may choose to only share your child's information with your doctor and local public health unit

## What information will be entered into LINKS?

The following information is needed to identify your child in LINKS:

- Full name
- Birth date
- Gender
- Mother's maiden name
- Guardian's first name (when applicable)
- Address
- Phone number
- Other information which may determine is eligible for free vaccine
- Your child's shot record

## Who has access to my child's immunization record?

- You (through your enrolled healthcare provider)
- Your local parish health unit
- Enrolled healthcare providers
